

Public Housing Plan Merely an Agreement

The Housing Authority of the City of Hope has an application for a preliminary loan for a low-rent public housing project or projects. Low-rent housing is for low income families whose total income is approximately \$2,000 per year.

Cities and towns in southwest Arkansas already participating in the low-rent public housing program are Arkadelphia, Camden, Emmet, Gurdock, Dierks, Minors, New Rocky Comfort, Magnolia, Murfreesboro, Prescott, DeQueen, Horatio, and Texarkana.

Recently the City of Hope and the Housing Authority of the City of Hope entered into a Cooperation agreement in which a maximum figure of approximately two hundred units was specified.

This does not mean that the decision has been to request the construction of two hundred units of low-rent public housing in Hope, but simply that a maximum overall figure has been specified for Hope.

As of now, no site or sites have been considered nor selected. Neither has any decision been made as to the number of units or sites. Construction of new homes or subdivisions planned or underway in the city of Hope have no connection whatsoever with the contemplated activities of the Housing Authority of the City of Hope.

"We hope that this may clear up any misunderstanding which exists, resulting from recent publicity of the decision by the city of Hope and the Housing Authority of the City of Hope to enter into the Cooperation Agreement concerning the two hundred low-rent public housing units," announced Mike Kelly, chairman of the Hope Housing Authority.

Hints Session in September

LITTLE ROCK (AP) — Gov. Orval E. Faubus produced a smile and a bit of advice for a newsman Monday.

Don't take your vacation in September, you might miss a special session of the legislature, Faubus said. He suggested August or July as better vacation months.

The governor will attend the Southern Governor's Conference, of which he is chairman, in August.

Faubus has indicated he might call a special session next fall to provide more funds for the State Police Department.

Cloudbursts Over Much of Arkansas

By THE ASSOCIATED PRESS

Cloudy skies and sporadic bursts of rain dominated the Arkansas weather picture this morning, but slowly clearing skies were forecast for tonight and Wednesday.

Most of this morning's rain fell in southern Arkansas and was not as heavy as that from the thundershowers that drenched the state Monday.

A cool front was moving south-eastward across central Arkansas this morning while a stationary front stretched across northwest Arkansas near Harrison and Fort Smith.

The forecast called for cloudy to partly cloudy today and partly cloudy tonight and Wednesday with little change in temperatures.

Highs of 78 to 86 were predicted for this afternoon and lows of 55 to 68 were expected tonight. Over-night low temperatures ranged from the low 50s to the high 60s and generally were in the mid 60s.

Council of Teachers Organized

The Hope Education Council of Classroom Teachers was organized in a meeting at Junior High Library recently. Mrs. Lou Couch, President of Arkansas Department of Classroom Teachers, of Jonesboro, presided at the organizational meeting. She spoke on the "Role of the Teacher in the Educational Program."

The following officers were elected to serve. Billy W. Mitchell, President; Mrs. Danyer Dickinson, Vice President; Mrs. Sam Andrews, Secretary; Martin Poole, Treasurer; Mrs. James McLarty, Program Chairman.

Mr. Mitchell and the executive committee met recently and completed the list of committees. They are:

Budget, Mr. Poole, Mrs. B.B. McPherson, and Mrs. Martha Brashear;

Teacher Welfare, Mrs. B. N. Holt, Mrs. Garland Medders, Mrs. Vera Reeves, Mrs. Arlis Adams, Mrs. F. J. Burroughs;

Building Representatives, Senior High, Mr. Bobby Whitmarsh; Junior High, Mrs. Edwin Stewart; Palsley, Mrs. Teddy Jones; Brookwood, Mrs. Royce Weisenberger; Garland, Mrs. V. R. Herndon.

The Council, which will be affiliated with the Arkansas Department of Classroom Teachers and the National Department of Classroom Teachers will have the first general meeting in early fall.

Library Club Elects Officers

New members of the Hope Junior High Library Club will be governed by the following officers for the ensuing year: president, Crit Stuart; vice-president, Janice Russell; secretary, Mary Nell Williams; treasurer, Cathy Field. Mrs. B. N. Holt is faculty adviser.

An initiation was held last week in the Junior High Library. Members on the program portrayed different story characters. Besides the officers, others joining the club last week were Buzz Andrews, Carol Anthony, Phillip Ballard, Yvonne Barber, Alan Clark, Eldon Mayfield, Virginia McClaia, Jenny Tolleson, and Jimmy Turner.

Board Clerks to Meet in Hope

On June 4, 1963, an Area Conference for Selective Service Local Board Clerks will be held in Hope.

The meeting begins at 10:00 a.m. in the Municipal Court Room at the City Hall, and will be conducted by Col. William B. Davey, Major John T. Jean, and Major Howard T. Shepherd. The conference will be attended by Local Board Clerks of Southwest Arkansas.

Cost of Living Remains at a Record High

WASHINGTON (AP)—The cost of living remained unchanged during April at its record March level, the Labor Department said today.

The consumer price index remained at 106.2 per cent of the average for 1957-59. This was one per cent above the level of April, 1962.

The figure means it costs \$10.62 now to buy what \$10 would buy a year ago in the average family's budget.

Ewan Clague, director of the bureau of Labor Statistics, said that a reduction in prices for food and gasoline during April was offset by price increases for housing, used cars, newspapers and clothing.

Prices for meat, poultry and fish dropped 2.4 per cent during April to the lowest level since 1957.

Clague said this was mainly due to a dip in prices for beef and pork. Both went down 3.5 per cent.

So far, Clague said, there has been no major effect on the consumer price index from the soaring price of sugar. He said this price rise probably would have a gradual effect over a period of months.

Most of U.S. Hit by Wet Weather

By THE ASSOCIATED PRESS

Wet and cloudy weather covered the major part of the nation today after another outbreak of storms and heavy rain and hail in sections of the Midwest and South.

Tornadoes skipped across rural areas of Muncie, and Richmond, Ind., Monday night, damaging some buildings, uprooting trees and downing power lines. Tornado winds also lashed areas in Texas, Iowa and Missouri. Heavy hail and strong winds pounded suburban areas of Dallas and in San Antonio, Texas.

Thunderstorms rumbled across areas from western Texas and Oklahoma northeastward to the middle Mississippi and Ohio valleys eastward through the lower Mississippi Valley and Gulf Coast states to eastern Tennessee and eastern Georgia.

Rain and drizzle dampened sections in the upper Mississippi Valley and the upper Great Lakes region and showers sprinkled areas in eastern and central Ohio and western Pennsylvania.

Other showery spots were in the southwest Dakotas, northern Wyoming, coastal areas in south central California and in southern Florida.

Mostly fair weather prevailed in the extreme northeast and northwest sections of the country. Temperatures showed only minor changes in most areas.

Charge Against Ing Is Blocked

RENO, Nev. (AP)—Federal authorities dropped Monday a charge of unlawful flight to avoid prosecution against James Burton Ing, 42, of Reno.

Ing and two other persons, Richard Tyler Lane, 31, and his wife, Cecile Mae, 26, both of Reno, had been charged by federal officers after a hospital clerk was kidnapped in Little Rock, Ark.

The clerk, William Bonds, was tortured in what police said was an attempt to extort from him the hospital room number of James Walker, 25, of Reno, who is charged in the fatal shooting of a North Little Rock, Ark., policeman.

Lane was apprehended in Sacramento, Calif., several weeks ago. His wife has not been arrested.

Ing pleaded guilty last week in Reno to charges of second degree burglary and assault with intent to kill. He was sentenced to terms of one of five years and one to two years in prison.

Hit by Truck, Fatally Hurt

NORTH LITTLE ROCK (AP)—Arthur Lee Campbell, 3, of North Little Rock, was fatally injured Monday when struck by a station wagon a block from his home.

Patrolmen M. A. Harris and Bill Cotton of the North Little Rock Police Department said the station wagon was driven by Rubeal V. Holmes, 19, of North Little Rock.

Fair Park Tree Destroyed

Lightning struck one of the large pine trees at Fair Park last night during a heavy rainstorm. The bolt tore out two large 40 pound chunks of wood.

Also about 10:30 p.m. a bolt of lightning struck on S. Washington, followed wiring and scorched walls in two houses, 507 S. Washington and 804 S. Grady. However the fire didn't spread. Debris littered the entire area and some trees were felled by the wind. The rainfall amounted to 1.15 inches.

One Summer Session at Hope School

There will be one six week-session of summer make-up or remedial work at the high school this year.

Registration will be held Friday, June 7 at the High School, and classes will begin Monday, June 10. Courses will be offered in seventh and eighth grade English and mathematics.

High School courses offered will depend on the demand, but the offering will be restricted to required subjects. There is a possibility that typewriting will be offered for high school students and adults. Those persons interested in typing should contact the high school office.

Tuition for seventh and eighth grade work is \$15.00 for one subject or \$25.00 for two subjects. Tuition for high school credit is \$20.00 for one subject or \$35.00 for two subjects.

Workshop Planned for Wednesday

The Hempstead Soil and Water Conservation District is sponsoring a woodland workshop for all woodland farmers at 1 p.m. Wednesday at Monroe Samuel's farm at DeAnn.

Discussed will be woodland weeding, selective cutting, explanation of methods, disease and insects. Later in the afternoon the group will go to the B. J. Ellis farm to discuss fire protection, fire lanes and Mr. Ellis will give a history about logs cut from an acre over a period of 25 years. All interested are invited.

Says Fear Hurts Man's Abilities

MONTICELLO, Ark. (AP)—William C. Norman, vice-president of Georgia-Pacific Corp., told Arkansas A&M College graduates at Monticello Monday that fear and uncontrolled anxiety cripple and destroy man's abilities and hopes.

"Fear breeds more fear," Norman said at the college's 50th commencement exercises. "Master fear or let it master us. One choice leads to opportunity for fulfillment of our great destiny as human beings. The other leads to defeat and chaos."

Methodists to Select Delegates

HOT SPRINGS, Ark. (AP)—Delegates to the Methodist General Conference in Pittsburgh, Pa., in 1964, were to be elected at the 100th annual session of the Little Rock Conference of the Methodist Church in Hot Springs today.

The Little Rock Conference includes most of Arkansas south of Little Rock.

Some 600 ministers attended opening sessions Monday.

Dr. Francis A. Buddin of Texarkana, a retired Methodist minister, delivered the sermon for a commemorative service for ministers who died during the past year.

The service was for Rev. Robert H. Cannon and Rev. Eugene N. Gilliam, both of Pine Bluff; Rev. C. D. Meaux of Hot Springs; Rev. Charles A. Simpson of Mean; Rev. J. B. Bickering of El Dorado; Rev. Roy E. Whitten and Rev. Connor Morehead, both of Little Rock.

Assistants were named Monday to Rev. James E. Major of Conway, the conference secretary and vice president of Hendrix College of Conway. The assistants included Rev. Woodrow Smith of Mabelvale, Journal clerk; Rev. Kenneth Spore of Warren, secretary of ministers' service records; and Rev. Harold K. Davis of Smackover, secretary of rolls and records.

Want JFK at Dedication

OLOGAH, Okla. (AP)—Two Tulsa men set out down the Verdigris River Monday to carry an invitation to President Kennedy to attend the dedication of the Oologah Dam July 20.

Other couriers and carrier systems—boats, automobiles and possibly an airplane—will ferry the invitation down the Arkansas and Mississippi Rivers to New Orleans.

From there it will go by ship to Washington.

John O. Whitney and Louis W. Grant of Tulsa started the odyssey Monday when Glade Kirkpatrick of Tulsa, vice chairman of the Arkansas Basin Development Association, christened the motorboat that will carry the invitation to Muskogee, Okla.

Judge Refuses Bid to Mix Ala. Schools

By DON MCKEE

BIRMINGHAM, Ala. (AP)—A federal judge refused today to order city schools desegregated, but he warned that a state pupil placement law must be applied without discrimination.

U.S. District Judge Seybourn H. Lynne denied a requested injunction against school segregation. He ruled that Negro complainants in a 1960 suit had not exhausted remedies afforded by the 1956 statute which gives school boards wide authority in assigning pupils.

Hinging his decision on the law's validity, Lynne said if the state is unconstitutional applied then he would be "compelled to order the submission of a desegregation plan."

Despite clear evidence of a segregated school system, Lynne said Supt. Theo R. Wright and board members had assured him they stood ready to comply with the law.

"This court will not sanction discrimination by them in the name of the placement law, but it is unwilling to grant injunctive relief until their good faith has been tested," Lynne held.

Adequate time remains before the fall term for the processing of assignment or transfer applications in behalf of interested individuals, he said.

Lynne ruled in the case of James Armstrong's four children. He dismissed from the same suit two other parents and throw out a 1962 suit of similar nature by the Rev. T. N. Nelson because their children no longer attended Birmingham schools.

Relying on decisions of the 4th U.S. Circuit Court of Appeals upholding a similar North Carolina law, Lynne held that the Alabama statute must be tested. It

Tax Claim Against Stephens

LITTLE ROCK (AP)—U.S. Atty. Robert D. Smith said Monday the Internal Revenue Service had mailed a notice to W. R. (Witt) Stephens, president of Arkansas Louisiana Gas Co., that he owed an additional \$243,173 in gift taxes for the year 1956.

Stephens has already paid \$252,777 in gift taxes for that year under protest. He has filed in federal district court for a refund.

The IRS contends Stephens owes additional taxes on stock in the W. R. Stephens Investment Co., which he allegedly gave to his brother, Jackson T. Stephens, in 1956. The investment company has been succeeded by Stephens, Inc.

William H. Bowen, Stephens' attorney, said Jackson Stephens has owned the stock from the start of the investment corporation in 1946.

Smith filed a motion to stay proceedings in the tax refund suit to allow Stephens time to contest the new deficiency notice in the U.S. Tax Court in Washington.

Review of Rees Case Refused

WASHINGTON (AP)—The United States Supreme Court refused Monday to review the trial of Melvin Davis Rees Jr., under death sentence in Virginia in the killing of Carroll V. Jackson Jr.

He was arrested in West Memphis, Ark., convicted in Spotsylvania County, Va., on a murder charge and convicted in Baltimore, Md., on kidnapping charges.

Rees, 33, an itinerant musician, did not appeal the kidnapping case, for which he received a life sentence. The Supreme Court on April 15, 1963, refused to rule on an appeal by Rees in the murder case. His counsel then asked for reconsideration.

Uneasy Watch on Race Issue in Jackson

By JAMES SAGGUS

JACKSON, Miss. (AP)—Jackson kept an uneasy watch today on a racial situation which both sides feared might spawn demonstration attempts and possibly violence.

Involved exchanges of statements and one meeting have produced agreement on only one point: that Jackson would be the next Southern city to experience a concerted effort to win racial concessions.

The big question is what the effort will involve and when it will come. The answer could be disclosed tonight at a mass meeting of Negroes.

City officials and 17 Negro leaders who had been invited by Mayor Allen Thompson met Monday to discuss concessions sought by the Negroes.

The conference apparently produced nothing. Thirteen Negroes left after presenting their goals and without any discussion.

The 13 left abruptly when Thompson asked Negro editor Percy Greene to express his views. Greene and three other Negroes did not endorse the list of demands which forced compromise because the issues involved are so basic they could be resolved only by one side capitulating.

Negro leaders, backed by the National Association for the Advancement of Colored People called for desegregation in several areas. The Rev. E. A. Mays, spokesman for the majority of 13, said his group wanted the city to hire Negro policemen, remove segregation signs from public buildings, upgrade salaries of Negro employees, form a biracial committee, and desegregate eating places and public facilities and—eventually—schools on a voluntary basis.

Thompson, backed by most of the white community of Jackson, said he had "no moral or legal right to bargain away the rights of business men of either race."

Treasurer Named

LITTLE ROCK (AP)—Gov. Orval E. Faubus appointed Elwood Balch of Yellville as Marion County treasurer Monday, succeeding the late A. W. Briggs.

Death Brushes Close to Pope With Cancer

By BENNETT M. BOLTON

VATICAN CITY (AP)—Death brushed close to Pope John XXIII today, but he weathered the crisis.

Persistent hemorrhaging left him in grave condition.

The Vatican disclosed he is suffering from gastric heteroplasia—a growth in the stomach. This could be a cancer or a tumor, either benign or malignant.

The diagnosis, published by the Vatican newspaper, L'Osservatore Romano, was the first specifically defining the illness of the 66-year-old Roman Catholic pontiff.

By EUGENE LEVIN

VATICAN CITY (AP)—The illness of Pope John XXIII focuses attention on the Roman Catholic Church's College of Cardinals.

These 82 princes of the Church represent the Pope's senate. They are his closest advisers and collaborators. Cardinals also head Vatican administrative bodies that manage the day-to-day affairs of the Church.

It will be the cardinals, gathered in secret conclave, who will elect a new Pope. Almost certainly they will choose one of their number.

With the Pope ill, more work is certain to fall on their shoulders, particularly on Amleto Cardinal Cicognani, Vatican secretary of state, who spent a quarter-century in Washington as apostolic delegate.

The 80-year-old Italian cardinal is probably better acquainted with

Amplifier Was Capsule Trouble

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—Expert scientific detective work has determined that trouble with an electrical amplifier caused the failures which forced astronaut Gordon Cooper to steer his spacecraft manually back to earth.

Moisture, perhaps from Cooper's perspiring, corroded a connection on the small electronic box called an Amp Cal—for amplifier calibration—and wiped out all spacecraft automatic controls down to a certain re-entry point.

An electrical short in an Amp Cal solder connection, probably because of faulty insulation, knocked out the remainder of the automatic re-entry controls and left Cooper on his own with the manual system.

These results of exhaustive tests were reported Monday night by the National Aeronautics

has been upheld on its face by the U.S. Supreme Court, which warned it could be unconstitutional if applied.

Judges of the 5th Circuit, which includes Alabama, have never considered the Alabama law, Lynne said.

He said the initiative in integration lies with the pupil, not school authorities. The uncontested evidence, Lynne said, was that no Negro child has sought transfer to a white school "and pursued the remedies afforded by such statute."

Lynne said his course had been staked out by a 1955 decision of a federal judge panel which held the law "furnishes the legal machinery for an orderly administration of the public schools in a constitutional manner by the admission of qualified pupils upon a basis of individual merit without regard to their race or color."

Originally aimed at preserving segregation, the law was drafted by former Lt. Gov. Albert Boutwell, now mayor of Birmingham.

BIRMINGHAM, Ala. (AP) — A federal judge rules today on Negro demands that public schools in this racial trouble spot be desegregated. An attorney for the city school board said he believes the board will abide by the judge's decision.

"The school board certainly is not going to violate any decision of the court, in my opinion," attorney Reid Barnes said.

U.S. Dist. Judge Seymour H. Lynne has had two suits under consideration since last October.

The U.S. Supreme Court said Monday it will not tolerate avoidable delay in the carrying out of its 1955 order for all deliberate speed in school integration cases.

Both suits before Lynne requested injunctions barring the operation of segregated schools in Birmingham.

The first suit was filed in June 1960 by the Rev. F. L. Shuttlesworth, James Armstrong and Vann English on behalf of their children. The second was brought in June 1962 by T. N. Nelson for his two children.

In Montgomery, U.S. marshals attempted to serve papers on Gov. George C. Wallace formally notifying him of a suit seeking to prevent the governor from carrying out his promised intervention when two Negroes try to enroll at white units of the University of Alabama for the June 10 summer term.

The heavily guarded governor eluded the marshals, however, as they handed the papers to a Negro maid at the mansion. They told her: "Be sure he gets them."

Elsewhere on the racial scene: —The Congress of Racial Equality extended for 24 hours a temporary halt to racial demonstrations at Greensboro, N.C. Trials of 81 Negro demonstrators charged with trespass were postponed to June 10.

—Atty. Gen. Robert F. Kennedy told owners of Southern movie theaters they should anticipate desegregation problems and try to solve them on a town by town basis. A spokesman said owners of about 80 per cent of all movie houses in the South were represented at the Justice Department meeting.

Predicts Arrest in Bomb Case

HOT SPRINGS, Ark. (AP) — Garland County Prosecutor David B. Whittington said Monday that an arrest could come "in three months, six months or tomorrow."

In the bombing of his car last April 22.

The car was damaged by what police termed a small amount of dynamite, but the motor remained in running condition.

Hints for Happy Holidays (3) Piloting the Freeways

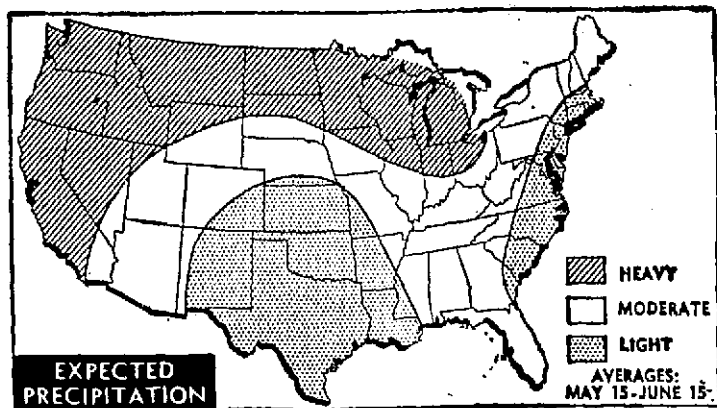

Freeways and turnpikes are still an unfamiliar experience for many motorists. They're marvelously convenient and are safer than other roads if driven properly. But their very differences from regular roads—no stops or crossings, gentle grades—give the new roads a special hazard. Some call it "highway hypnosis." It's sheer boredom and fatigue, caused by monotonously driving straight ahead at a constant speed for hours on end. Some recommend tricks, like blasting the radio, sticking your head into the wind, varying speeds. But there is only one really safe rule: STOP driving at the first sign of drowsiness. And whether sleepy or not, pull into service plazas, get out and stretch occasionally.

CHECKLIST

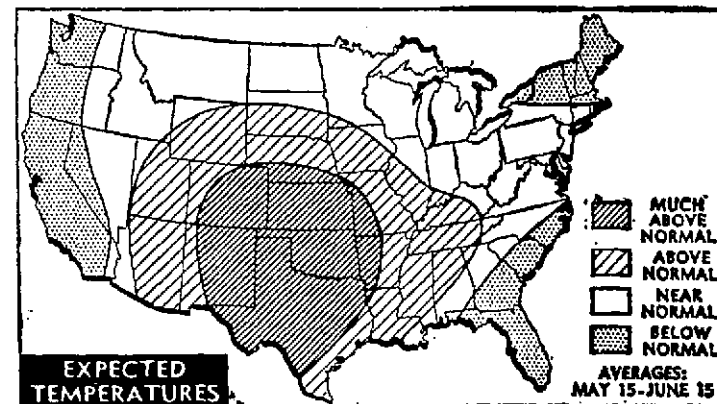

- ✓ 1. Have car serviced before hitting freeway or turnpike.
- ✓ 2. Speed up in entrance lane. Once on freeway, keep up with the stream of traffic.
- ✓ 3. Take all the room you need to pass. Signal intention to pass and return to right-hand lane.
- ✓ 4. Never stop on freeway. In emergency, pull well onto shoulder. Never back up.
- ✓ 5. Stay two (TWO) car lengths behind the car ahead for every 10 m.p.h. of speed.
- ✓ 6. STOP driving, pull off and rest if you become tired or sleepy.

JFK Cold to Plan for Him to Visit Ala.

WASHINGTON (AP) — A proposal by some Negroes that President Kennedy personally escort two Negro students into the University of Alabama next month has attracted little interest at the White House.

Officially, administration spokesmen declined to say anything today about such suggestions. Sometimes, official silence at the White House cloaks backstage maneuvering. In this case, however, there seems to be no evidence to indicate that the suggestion was receiving serious consideration.

The idea has been broached publicly by the Rev. Martin Luther King, a leader of the desegregation movement, and privately by some members of a Negro group that met Friday with Atty. Gen. Robert F. Kennedy in New York.

The President is known to be deeply concerned about the possibility of an integration crisis in June at the University of Alabama. However, he said at his news conference last Wednesday

that he believes questions of this kind should be dealt with through the courts, with state and local officials maintaining law and order.

The President said nothing to indicate he was contemplating personal involvement, beyond what he described as his obligation to enforce federal court orders even when this requires the use of federal troops and marshals.

U.S. Dist. Judge H. Hobart Grooms has ordered two Negroes admitted on June 10 to the University of Alabama—one at the main campus at Tuscaloosa and one at the school's Huntsville branch.

Alabama Gov. George C. Wallace, an outspoken segregationist, took the judge's order as the occasion for repeating a pledge personally to bar the Negroes at the doors of the university.

Water Pollution Control Hearing

LITTLE ROCK (AP) — A hearing will be held Wednesday by the state Water Pollution Control Commission to consider Bayou Metro pollution problem.

Gov. Orval E. Faubus said Monday that if officials of the Hercules Powder Co. of Jacksonville cannot solve the problem the plant may have to be closed, resulting in a loss of about 100 jobs.

A preliminary commission report says the only immediate solution is to close the plant, but it notes that the firm has taken temporary steps to cut down pollution. The company is working on a permanent method, the report said.

The report indicated the company may be granted more time to work out the matter if residents in the Bayou Metro area will be patient.

Faubus recently received a petition bearing 2,500 names asking him to take action. Officials of the company could not be reached for comment.

Drug Firm Probe to Be Discussed

WASHINGTON (AP) — The Senate Foreign Relations Committee, headed by Sen. J. William Fulbright, D-Ark., was to discuss today the wisdom of a projected investigation of U.S. drug firm operations in Latin America.

Members of the Senate Anti-Trust and Monopoly Subcommittee took a dispute over the investigation to Fulbright Monday.

Sen. Estes Kefauver, D-Tenn., chairman of the Anti-trust Subcommittee, and Sen. Everett M. Dirksen, R-Ill., Senate minority leader and a member of the committee, had opposing views on the investigation. Both declined to discuss the dispute.

The controversy arose over reports that Kefauver had issued subpoenas for the records of about 10 pharmaceutical firms, including correspondence and agreements dealing with operations in Colombia and several other Latin American nations. The subpoenas reportedly were returnable next Tuesday.

DOROTHY DIX

IS STEPFATHER VICTIM OF DARK PASSION

By HELEN WORDEN ERSKINE

Dear Helen: Believe it or not, I'm the mother of 10 and grandmother of 32, though still a young woman. All the children are married but two girls; one of whom will be 18 next month and the other 16 in July.

They aren't my problem. It's my second husband, stepfather to the 18-year-old. We've been married 17 years. He's a wonderful husband and provider. The girl by my first marriage is sweet, gentle and lovely to look at. She's never given us any trouble and always respected her stepfather the only father she's ever known.

This coming month she will graduate with honors from the local high. She pays for all her own clothes, having a part-time job. Her stepfather was as delighted as I. Then, suddenly, it seems as if he hates her. She almost has to beg him to take her to school and work as she doesn't drive. She has tried, with me, to talk it out with him but no use. The moment she comes in the house there is tension.

It appears as if he were trying to drive her out of the house—but why should I leave him and take my two girls, or what I've prayed to God to help me as I love them all. —Frightened

Dear Frightened: As the progenitor of 42, you must know that one of the saddest and potentially most disastrous occurrences in family life is when lines of communication break down. This can happen between husband and wife, or between parent and child. In your case, both lines are in need of repair, and you are the one to tackle the job. You have several strong points in your favor, the principal one being the 17 years of love and respect you have shared with your husband and daughters. After 17 years of devoted and apparently rewarding care, no father suddenly changes his attitude toward a child without a reason, either real or imagined. A psychiatrist might find a Freudian motive. In that case, even your husband may not be aware of his dark impulse.

Sometimes, it seems as if all the tact and diplomacy in the world are not enough to fulfill the obligations of a wife and mother. Your loyalties are evenly divided. The tension in your home affects everyone. But overwhelming as such tension is, don't let it paralyze you.

Try to find out what is causing your husband to act as if he

"hated" your daughter. Would he consider psychiatric help you might use the conversational springboard of your daughter's graduation from high school and her future in general, to sound him out, uninhibited by her presence. Otherwise, go into a huddle with your daughter. Point out what her stepfather has done for her, how delighted you both are in her progress, and therefore how baffled you are by the strained relationship. Either your husband or daughter will give you the truth and you will then know how to proceed. In any case, continued praying and quash any thought of breaking up the home. My leaflet "Stepchildren" might clarify your husband's thinking. Send a stamped self-addressed envelope for it.

Dear Helen: My current problem is how to put leisure to profitable use while keeping an eye on my mother-in-law. Contrary to the general rule, I love her and am glad she's with us, but she is in her middle eighties and unsteady when she walks so I don't like to leave her alone.

Maybe you could suggest something which we could both do so she wouldn't feel left out. She's reared a fine family, is bright as a button and used to make all sorts of goodies for her children but cannot longer stand long enough to do such work. Only she didn't call it work—said it was great fun. —A Happy Daughter-in-Law

Dear Happy Daughter-in-Law: It's certainly a pleasure to know of a daughter and mother-in-law living happily under one roof and wanting to co-operate on a common venture. You both must be exceptionally unselfish and proba-

Pope John's thoughts and policies than any other prelate.

But only the Pope can act on such matters as his Ecumenical Council and diplomatic negotiations the Vatican is said to have entered with Communist Hungary and Poland.

The Pope is the absolute ruler of the Roman Catholic Church. It recognizes no substitute for his authority. Catholics feel he holds supreme power as the successor of St. Peter.

His dominant role is reflected in the provision that an Ecumenical Council is suspended automatically on the death of the Pope who convened it. The new Pope can leave it suspended or reconvene it.

The prospect in the case of prolonged illness is that the Vatican administrative agencies will continue to handle current affairs, leaving major problems in abeyance.

In an interregnum, between the death of one Pope and the election of another, such a situation also exists.

The cardinals have an even more prominent role, and the central figure is not the secretary of

state—but the cardinal chamberlain, Benedetto Aloisi Masella. In the period of interregnum all cardinals present in Rome will meet daily to handle routine business. The chamberlain will serve as a sort of interim administrator.

Not less than 15 days after a Pope's death, and not more than 1, the cardinals must meet in secret conclave to elect a new pontiff.

The next conclave will meet under rules revised by Pope John last October—a month before he became seriously ill.

The next conclave will be the biggest ever, for Pope John enlarged the College of Cardinals. At present it has 29 Italian members and 53 of other nationalities.

Although the relative strength of the Italian group is smaller than it has been in centuries, it is likely that the next Pope will be Italian. There has not been a non-Italian pontiff since the Dutch-born Adrian VI, elected in 1522.

VATICAN CITY (AP) — Pope John XXIII was reported today failing to respond quickly to treatment. Both his doctors went to his bedside and his condition appeared grave.

A high Vatican source said there was great concern because the 81-year-old pontiff had responded rapidly to treatment in the past.

His doctors—Piero Mazzoni and Antonio Gasbarrini—conferred at his bedside.

Mazzoni had spent the night in the apostolic palace—his seventh consecutive night there. A Vatican automobile was sent to bring Gasbarrini to the Vatican from his Rome residence.

Monday morning here had been a note of guarded optimism in the report that the Pope had spent a good night. Later his doctors were quoted as saying they had found some improvement in his condition.

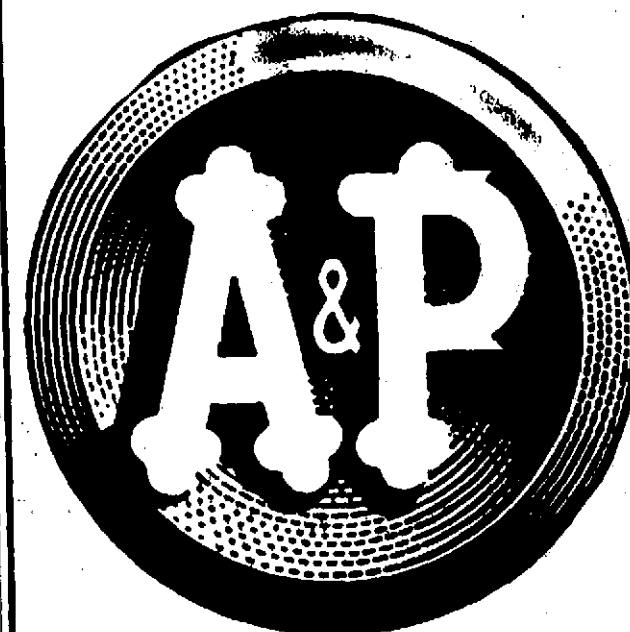

Even this limited optimism was not reflected in Vatican circles today.

Jurors Named in Murder Trial

LITTLE ROCK (AP) — Eight jurors, including one Negro, were seated Monday in the first degree murder trial of Jerry James Johnson, 19, a Negro charged in the fatal stabbing of Mrs. W. F. Arrington of Rixie, four miles north-east of North Little Rock.

Selection of the jury was to continue today in Pulaski Circuit Court at Little Rock. A panel of 33 persons was exhausted Monday. Two 25-member panels were to be in court today.

Mrs. Arrington, 55, was killed July 31, 1962, at her service station grocery on U.S. Highway 67. The state is asking the death penalty for Johnson.

CHATTER

By "BILL"

Just read an interesting article called "Fashion Notes." It says: "As you get out your summer cottons, if you find they have a tired look, there is just one thing to do . . . dispose of them. There is no point in letting them take up valuable space when all you will do is push them back and complain about not having the right thing to wear. Give them away; maybe someone who leads a less active life than you, will be able to wear them." — or a better idea — call the Junior Auxiliary, they have a booth up-town . . . and need clothing to sell.

This is a most profound statement and whoever thought it up is, in our humble opinion, nothing short of brilliant. While we would never have the intestinal fortitude to come right out and say it, we heartily agree and hope all women follow this advice.

For a very small amount of money, you can replace those tired looking dresses with beautiful looking dresses with beautiful figure flattery. When you see them, when you try one on and feel the soft Dacron polyester, you'll be enchanted!

We suggest any or all of the new designs from Minx Modes. The floral stripes, tucked bodice, soft box pleats, sizes 3 to 15. . . 14.95 . . . At 17.95 the very smart black on white or brown on white print, short sleeves, moderately full skirt, so c-o-o-l looking, wear with it black patent pumps or spectators, carry a big white handbag, shorty cotton gloves and . . . you will look like a picture!

These are but a few of our summer cotton collection; we invite you to see them all. Remember all the important occasions coming up . . . For all the June to August weddings. The invitations may not be out yet, so we will give you a special one. Shop today . . . and we hope to be seeing you at Ray's Style Shoppe Hope's House of Fashion.

Sees Danger of Control of Schools

WASHINGTON (AP) — A. W. Ford, Arkansas commissioner of education, said today provisions of President Kennedy's omnibus \$5.3 billion education bill could eventually result in federal control of local schools.

However, James E. Allen, Jr., New York state commissioner of education, testified that he believed the administration measure "to be good and necessary legislation."

Ford said he would agree that it is "logical that the federal government should assist in meeting the financial responsibilities inherent in providing adequate public schools for the children of the nation."

It also is true, he said, "that the need for improving elementary and secondary education is urgent, and that it should not be long delayed."

But, he said, the Kennedy bill adopts the categorical approach of helping schools in specific situations, and this is bound to destroy the principle of local control of education.

Ford said he would favor a bill introduced by Sen. J. W. Fulbright D-Ark., under which the federal aid would lose its identity upon reaching the states and the funds could be used to supplement local and state monies.

The wedding will be August 30 in the First Baptist Church in Hope.

The Soviet Union refuses to sign the first-step agreement. "we commit ourselves before the world to conduct no nuclear tests in the atmosphere or underwater so long as the Soviet Union abstains from them."

But it specifies that in committing the United States to such a moratorium this government should bear in mind the Soviet record of "deceit and bad faith" and maintain its testing facilities in a state of constant readiness so it will not be caught napping if the Soviets should "suddenly resume nuclear testing in the atmosphere or underwater."

No Opinion in Brutality Case

WASHINGTON (AP)—The U.S. Supreme Court rejected Monday the appeal of John Hollman of North Little Rock, Ark., who charged that police brutality forced him to confess to involvement in a 1955 robbery.

Hollman was convicted of accepting 10 chain saws, valued at \$100 each. The prosecution alleged that Hollman knew the saws were stolen.

resumed nuclear testing in the atmosphere or underwater."

Senators Call for Test Ban Offer to Reds

WASHINGTON (AP) — Sens. Thomas J. Dodd, D-Conn., and Hubert H. Humphrey, D-Minn., teamed up in a surprise move today in suggesting the United States offer the Soviet Union an agreement to ban atmospheric and underwater nuclear tests.

The two Democrats, who differ sharply over the adequacy of Kennedy administration proposals for a comprehensive treaty banning all nuclear weapons testing, found common ground on a first-step proposal.

They proposed a resolution asking Washington to offer Moscow an agreement to halt tests that "contaminate the atmosphere and the oceans." Twenty-two other Democrats and six Republican senators signed the resolution with them for introduction in the Senate.

Humphrey and Dodd emphasized the resolution would impose no restrictions on underground testing or on testing in outer space which would not contaminate the atmosphere.

Dodd, in a speech prepared for Senate delivery, paid high tribute to Humphrey, assistant Senate Democratic leader, as "a champion of peace and disarmament." He called the Minnesota "the logical candidate" for the next Nobel Peace Prize.

The resolution stipulates that if

2 Networks Split Honors About Even

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP)—NBC and CBS split the honors even Sunday night when the Emmy statues were passed out—each network garnered 12, with ABC trailing with three.

Most interesting aspect of the awards, voted by members of the National Academy of Television Arts and Sciences, was the way the awards fell. NBC picked up the lion's share in the news and public information areas. CBS was tops in entertainment, particularly in drama and comedy.

The industry's No. 1 award for "program of the year" went to NBC's "The Tunnel," the gripping documentary program filmed during the actual digging of a tunnel under the Berlin wall and subsequent escape of many persons from East Germany to freedom. The program also won two other Emmys, one of the year's best documentary and another to correspondent Piers Anderton for his reporting on the show.

But in terms of sheer numbers of awards, CBS' "The Defenders" came off best—with five statuettes. It was voted the best dramatic series; E. G. Marshall won for the best continuing performance, and it received other awards for writing, directing, and film editing.

CBS' "Dick Van Dyke Show" won three best-of-class awards, for the best comedy show of the year, for Carl Reiner's writing and for John Rich's direction.

Comedienne Carol Burnett won twice—for her "Carol and Julie at Carnegie Hall," best musical variety show of the year, and for outstanding performance in variety or musical shows.

Chet Huntley and David Brinkley were honored for their news program, while Brinkley picked up an extra Emmy for his "Journal."

Shirley Booth—again—won an Emmy for her continuing comedy performance in "Hazel." Altogether there were 30 categories in which gleaming golden

Special Session of Ashley Jury

HAMBURG, Ark. (AP)—Prosecutor Frank Wynne said Monday a special session of the Ashley County Grand Jury will be called June 11 to consider murder charges against M. C. Talley, 21, a Negro lumber worker.

An information filed by Wynne charges Talley in the fatal stabbing of Tommy Rodgers, 20, on March 1 at Hamburg.

Rodgers, a white student who was a sophomore at Arkansas A&M College, was keeping his father's service station so the rest of the family could attend a play at Hamburg High School.

Talley was arrested at Monroe, La.

Wynne said Talley was jailed at Monticello because the Ashley County Jail at Hamburg "is dilapidated and has been the scene of several recent escapes."

statuettes were awarded, plus some special awards. One went to the late Dick Powell for his contributions to television as an actor, director, producer and executive.

Generally it was an interesting show. Joey Bishop in Hollywood as head master of ceremonies kept things moving lightly and amusingly as the program shifted between the West Coast, Arthur Godfrey in New York and Chet Huntley in Washington.

Loss of Wills Would Be Blow to Dodgers

By MIKE RATHET
Associated Press Sports Writer

Maury Wills had a great fall, and all the team's medical men have failed to put Maury together again.

That was the problem plaguing the Los Angeles Dodgers today as they faced the indefinite loss of the base-stealing whiz whose bad toe is beginning to cause the club as much concern as did last year's ailment to Sandy Koufax' finger.

While the Dodgers prepared to renew their race for the National League pennant after Monday's open date for all clubs, Wills was undergoing X-ray treatments at a Los Angeles hospital, and facing possible surgery.

Dr. Robert Kerlan, Dodgers' team physician, said Monday that Wills is suffering from calcification of the joint of the second toe on the left foot. He said if the toe does not respond to treatment Wills might have to undergo an operation that would sideline him for three weeks or more.

Dr. Kerlan is one in a series of medical men who have examined Wills. The Dodgers' shortsaid he saw a hypnoid during the winter because the legs that stole 104 bases last year "ached me, or at least I got it into my head that they ached me."

He had no doubts when he had his great fall on opening day. Sliding into the plate in a game against the Chicago Cubs, he wrenched his ankle. He missed a few games, then came back, soon after the calcification problem set in, causing darting shafts of pain that inhibited his running.

So far, Wills has missed 13 games. He has hit only .252 and stolen 11 bases. At this stage last year, Wills had stolen 23 bases and was on his way to the Most Valuable Player award.

Despite that, the Dodgers did not win the pennant, with Koufax being cited as the main reason.

First diagnosed as a minor problem, the circulatory ailment to Koufax' finger continued to plague him and the left-handed ace of the Dodger staff was sidelined from mid-July to the last days of the season.

While the Dodgers were worrying about Wills becoming a Koufax, the Cleveland Indians had their worst fears about catcher Johnny Romano confirmed. Examination showed Romano broke the little finger on his throwing hand in Sunday's doubleheader with Baltimore.

The injury came right on the heels of the trade in which reserve catcher Doc Edwards was traded to Kansas City last Saturday for infielder Dick Howser and catcher Joe Azcue.

To bolster their receiving corps, the Indians called up catcher Jim Lawrence and pitcher Ted Abernathy from Jacksonville of the International League. In another move, outfielder Ellis Burton was sold to Salt Lake City of the Pacific Coast League.

First Tomatoes of the Season

HERMITAGE, Ark. (AP)—Mrs. W. M. Godfrey of the Johnsville community grew the season's first half-bushel of pink tomatoes and sold them Monday on the Hermitage market for \$405.

Earl Cauley, manager of a Warren supermarket, bought the tomatoes, which normally would have sold for \$2.50 to \$6.

Mrs. Godfrey said the tomatoes were planted April 1.

Travelers Go Into 2nd Place

LITTLE ROCK (AP) — Out again, in again.

The Arkansas Travelers are in again—second place in the International League's Southern Division, that is.

The Travelers, behind the masterful mound work of Gary Kroll, swept past the Jacksonville Suns 7-4 in Little Rock Monday night. The triumph, coupled with a loss to Indianapolis, pushed Arkansas past the Indians into second place, behind Atlanta.

In other games Monday, Atlanta trimmed Richmond 7-3, Rochester topped Columbus 3-1, Syracuse beat Indianapolis 7-3, and Buffalo edged Toronto 4-3.

Lee Eila and Richie Allen each homered for Arkansas, but Kroll fanned 11 Jacksonville batters and walked none to guide the Travelers home. It was his fourth victory against one defeat.

Bob Sadowski became the winningest pitcher in the AAA loop Monday night as Atlanta beat Richmond. Although Sadowski had been lifted for a pinch hitter, he was credited with his seventh victory against only one loss.

Syracuse hurler Cliff Adams had plenty of distance hitting going for him as he won his fifth against two defeats. Gates Brown, Purnal Goldy and Lou Johnson paced the Chief's 11-hit attack with homers.

Buffalo scored three times in the first inning on a walk, a wild pitch and three hits, but it took a homer by Joe Christopher to provide the winning run. Toronto's Jim Coker blasted a home run for one of the Leafs' tallies.

Sam Bowers batted in one run with a scratch single and blasted a homer for another tally to lead Rochester. The Wings' Billy Short recorded his fourth straight victory by scattering nine Columbus hits.

Minister Is Censured

WHITE PLAINS, N.Y. (AP)—The Presbyterian minister who married Gov. Nelson A. Rockefeller to the former Margaretta Fittler Murphy was formally censured today by a board of the United Presbyterian Church.

The Rev. Marshall L. Smith was accused of failing to obtain the required permission of his presbytery to marry a person divorced less than a year. Rockefeller's bride received her decree on April 1.

The censure was the lightest of all five possible penalties that could have been meted out. The most severe was expulsion.

The Rev. Mr. Smith married the couple on May 4 at the Pocantico Hills, N.Y., estate of Rockefeller's brother, Laurance.

The couple returned Thursday from a two-week honeymoon to Venezuela and the Caribbean.

Overcame All Obstacles to Get Married

LOUISVILLE, Ky. (AP)—Richard King and his bride are on their honeymoon in Dixie today but for a time there seemed to be too many obstacles to their once-delayed wedding.

Richard, 21, a surveyor, and Nancy Moore, 22, a registered nurse, looked forward to a church wedding.

On the eve of the ceremony, the Rev. Donald A. Buchhold went to the hospital for an appendectomy. He suggested another minister but his replacement said if the couple would wait a day, perhaps Buchhold could perform the ceremony.

There seems to be no end to the hitches that preceded the 12-minute vows Thursday in the chapel at Methodist Evangelical Hospital.

Credit Association Holds Open House Here

away. For 18 years, he had been the partner of her late father. Police radioed a message to Meyer and got him to the hospital on time.

Nancy also wanted Mrs. Meyer for her matron of honor. She was at work in nearby New Albany, Ind., but rushed to the hospital and made a last-second change in attire as a staff member borrowed high-heeled shoes and a jacket for her.

Nurse Gloria Craig played the wedding march, though a bit off tune. She is a pianist and accordionist and only once before played the organ.

For flowers, the bride carried a bouquet of roses — intercepted on the way to a patient.

And the minister—he was there in his pajamas, robe and wheelchair.

Still Swings After 40 Years of Golf

By BOB GREEN
Associated Press Sports Writer

Forty years ago a young man named Bobby Cruikshank chased the immortal Bobby Jones to the first of his four U.S. Open Golf championships.

White hardly a major threat for the 1923 title, the 63-year-old golfer from Pittsburgh is still in there swinging — swinging well enough, mind you, to make it past the first round of eliminations for the tourney at Brookline, Mass., June 20-22.

Cruikshank was among the

horde of 339 players from throughout the country who qualified at 50 locations Monday. Another 106 first-round slots will be filled in qualifications in six sites today. Another 60 do not have to pass first round tests, boosting the huge field to 505.

The field will be chopped to about 150 at the sectional qualifications in scattered locations June 19-21.

Cruikshank, who lost in a play-off to Jones in 1923 and was tied for second behind Gene Sarazen in 1932, just made it under the wire with an 8-over-par 74-77-151 over the Alcoma and Green Oaks courses near Pittsburgh.

In all, 1,909 pros and amateurs played Monday in the 36-hole competition.

For the first time since he made the professional tour in 1937, Ben Hogan, a four-time winner of the Open, did not file an entry blank. He is suffering from bursitis and is not making the professional tour this year.

The low score through Monday's play was turned in by Kansas City veteran Stan Thrisk. He put

Lots More to Winning Than Money

Dale Burgess, Associated Press sports writer in Indianapolis, has been an auto racing buff for 35 years. He explains in the following story that there's more to winning the big one, the \$450,000 Indianapolis 500-mile race, than steering a car around the course

INDIANAPOLIS (AP)—It's impressive each year when the winning driver in the Indianapolis 500-mile auto race is handed a check for about \$125,000 by Tony Hulman, owner of the Indianapolis Motor Speedway.

It looks good on television cameras at the victory dinner and makes workers in other fields start thinking of a misspent life.

Actually, the car wins the race and that certified check is made out to the owner. The driver operates on a contract for 45 or 50 per cent.

The Speedway management recognizes a winning performance as a team effort.

If the team lineup had been listed last year for the winning no. 3 Leader Card Special, it would have gone like this:

Driver, Roger Ward.
Chief mechanic and refueler, A. J. Watson.

Right front wheel changer, "Sparky" Sparks.

Right rear wheel changer, Ray Dion.

Left rear wheel changer, Don Koda.

Air jack operator, Larry Shinoda.

Owner, cheer leader and water boy for driver, Robert C. Wilkie.

Shinoda is a General Motors car designer, Sparks an Allison engineer, Koda and Dion mechanics and Wilkie a Milwaukee greeting card manufacturer with the racing bug.

Watson builds racing cars at Glendale, Calif., and follows them on the U. S. Auto Club's championship circuit. He has been training his pit crew for eight years and if it doesn't change three times, fill the fuel tank and get the car back on the track in less than 20 seconds, he thinks it's losing.

There is no left front wheel changer because this tire usually lasts the full 500 miles.

Watson picks his crew for muscle, dexterity and level-headedness. They operate like a team of surgeons.

Arkadelphia Hospital

ARKADELPHIA, Ark. (AP) — The Clark County Memorial Hospital Board of Directors has announced plans for a \$400,000 annex to the hospital, which would include a 35-bed capacity nursing home, an occupational therapy room, a recreation area, dining room and reading room. The federal government would pay two-thirds of the cost in Hill-Burton Act funds. The rest would be in local matching funds.

States called on the Soviet Union to agree on the mutual relaxation of travel restrictions in some or all of 41 areas and routes.

One year ago: The United States and Russia reached agreement on a declaration condemning war propaganda but the Soviet Union repudiated the accord four days later.
